Abbreviations

BayBatt	Bavarian Centre for Battery Technology
BayCEER	Bayreuth Centre of Ecology & Environmental Research
BayMAT	Bayreuth Centre for Material Science & Engineering
BaySpo	Bayreuth Centre of Sport Science
BGI	Bavarian Research Institute of Experimental Geochemistry & Geophysics
BHC	Bayreuth Humboldt Centre
BIFAS	Bayreuth Institute for American Studies
BIMF	Bayreuth Institute of Macromolecular Research
BZKG	Bayreuth Centre for Colloids & Interfaces
BZMB	Bayreuth Centre of Molecular Biosciences
ExC	Cluster of Excellence Africa Multiple
E&I	Institute for Entrepreneurship & Innovation
HPC	Bayreuth Centre for High Performance Computing
IAS	Institute for African Studies
MODUS	Research Centre for Modelling & Simulation of Socio-Economic Dynamics
NMR	Northern Bavarian NMR Centre
UBTGS	University of Bayreuth Graduate School
ZLB	Centre for Teacher Education
ZUV	Central University Administration

Definitions of the Organisational Units

The **Central University Administration** consists of the various Units/Divisions, Staff Units and Service Units.

- **Staff Units** directly support the President and Provost and are subject to their professional instruction.
- **Units** carry out basic administrative processes and report to the Provost.
- **Service Units** provide advice and support for researchers, lecturers and/or students and are subject to the professional instruction of the members of the University Governing Board.
- **Central Facilities** provide infrastructure for the whole university and are assigned to the University Governing Board.
- **Central Research Institutes** are directly assigned to the University Governing Board; they serve to sustainably strengthen the focus areas, in which interdisciplinary researchers from several faculties work together (tasks include training of junior scholars, acquisition of third party funding). [see [UBT Guideline](#), in German only]
- **Research Units** are scientific institutes, each of which is assigned to one or more faculties; they support and bundle research topics that are of interest to the University but have not yet reached significance justifying the establishment of a Research Centre. [see [UBT Guideline](#), in German only]
- **Research Cooperation** coordinates institutional cooperation with other universities and/ or higher education institutions.
- **Representatives** are responsible for special matters, which are generally assigned to them in addition to their main job. In this function, they act with a high degree of independence; contact persons from the University Governing Board are defined for each representative.

University Governing Board members and the organisational units assigned to them

	P	K	VPF	VPI	VPL	VPN	FB
Responsibility for Staff Units							
PRP	x						
PRK		x					
SPuR	x	x					
GB	x	x					
StabB	x	x					
Responsibility for Service Units							
PMK	x						
CM		x					
WiN			x				
F			x				
INO				x			
DIV				x			
QS					x		
PULS					x (+SD)		
ZHL					x		
KUK						x	
CG							x
Responsibility for administrative personnel of the UBT in Research Cooperation							
TAO		x					
MCO		x					

For each unit, a contact person from the University Governing Board is defined, e.g. VPN for the Environmental Commissioner, VPI for becks or K for UGM and for SI.
